

COMPONENTS

- art. 3850 Pressure tank with reducer, 50 litres
(max pressure 8 atm)
- art. 3851 Pressure tank with reducer, 100 litres
(max pressure 6 atm)
- art. 3824A Tank "Siletto" mod. RPH/600
containing approx Kg. 800 of compound
- art. 3824B Tank "Siletto" mod. RPH/1000
containing approx Kg. 1300-1500 of compound

Pressure tank

**Tank
"Siletto"**

Pump and Filter assembly on the tank "Siletto"

- art. 3848 Steel filter 1", for pressure tank
- art. 3849 Steel filter 1,5", for tank "siletto"

Filters

- art. 3819 Membrane pump mod. PM/500 - SP
(maximum power 10 atm)
(enough to feed a pipe of length approx
25-30 metres, with 8-10 guns)
- art. 3825 Piston pneumatic pump mod. GRV R2B
(maximum power 12 atm)
(enough to feed a pipe of length approx
60-70 metres, with 15-20 guns)

Pump mod. PM/500 - SP

- art. 3866

High pressure gun
mod. AP/866

mod.AP/866

- art. 3859

Low pressure gun mod. BP/95

- art. 3857

Low pressure gun mod. RPH E40M
(specific for cutlery machines)

mod. BP/95

art. 3821

Nozzles, various degrees

- art. 3887

Electro-valve for high pressure gun

- art. 3842

Electro-valve for low pressure gun

- art. 3873

Manometre for compound
pressure control

- art. 3822

Adapter for guns

- art. 3863

Solid compound feeder mod. Cosmec

- art. 3865

Foot pedal feeding control

Manometer

Adapter

Remarks: We can supply all spare parts and instruction manuals for guns and pumps.
